

Hand Pallet Truck

The hand hydraulic pallet truck is a simple, efficient, and common tool for pallet handling. It adopts an integrated casted oil pump and high-quality steel plate, making it sturdy and durable.

Technical Data

Model	Unit	CBY2.5
Load capacity	kg	2500
Height fork lowered	mm	85
Lifting height	mm	195
Lifting stroke	mm	115
Fork length	mm	1150
Single fork width	mm	160
Fork outside width	mm	550
Weight	kg	65

Features

High Quality Oil Cylinder

Durable Wheels

Thickened Steel Plate

Spray Baking Process

Flexible Rocker Arm

Strengthening Spring
