TDS Sheet - TETRA FC-503, Pneumatic Flux Chipper, 4800 rpm, square connection with special chisel, IMPA 590531

Product identification

- **Product name:** TETRA FC-503 Pneumatic Flux Chipper
- **IMPA No.:** 590531
- **Brand:** TETRA
- **Product type:** Pneumatic hand tool

Product description

The TETRA FC-503 Pneumatic Flux Chipper is a high-speed, heavy-duty pneumatic tool designed for fast and efficient removal of welding slag, flux, rust and surface residues.

Its robust construction and square connection with special chisel make it suitable for shipyards, offshore installations and industrial maintenance environments.

Technical specifications

Specification	Value
Operating type	Pneumatic
Operating speed	4800 rpm
Connection type	Square connection
Chisel type	Special square chisel
Air supply	Compressed air
Application	Flux & slag removal
Tool operation	Handheld
Housing	Heavy-duty metal construction

Applications

- Welding slag removal
- Flux chipping
- Rust and surface residue removal
- Shipbuilding and ship repair
- Offshore maintenance
- Industrial fabrication and workshops

Key features

- High operating speed for efficient chipping
- Robust pneumatic mechanism for continuous use
- Secure square connection with special chisel
- Suitable for harsh industrial and marine environments
- Low maintenance design

Safety & compliance

- Designed in accordance with Machinery Directive 2006/42/EC (where applicable)
- Use appropriate PPE: eye, hearing and hand protection
- Refer to the SDS / Safety Information Sheet for safety guidance

Packaging & logistics

- **Unit of sale:** 1 piece
- **Packaging:** Industrial packaging
- **Country of origin:** On request

Additional information

- Use clean, dry and lubricated compressed air
- Regular maintenance extends service life
- Spare chisels and accessories available on request
