

TETRA TRB-2000AIR
Pneumatic Chain Descaling Machine

HS- Code: 8467111000

IMPA Number: 591208

Product code: 12990

Product specifications:

Application:	Pneumatic Chain Descaling Machine
Model:	TETRA TRB-2000 AIR
Working track:	40 MM
Power	750 W 50/60HZ
RPM	1,410/1,715
Voltage	AC 110V – AC 220V – AC 440V
Nett weight	18 KG
Product size (LxWxH)	L 950 X H 900 X W 280 MM
Packed dimensions	L 100 X H 40X W 50 CM
HS-Code:	8467111000
IMPA-Code:	591233
Approvals	CE approved

TETRA TRB-2000AIR
Pneumatic Chain Descaling Machine

Accessories for devices:

Chain drums for TRB-400 part no. 040-0156 Chain drums for TRB-1200 part no. 120-0156

Replacement Heads for TRB-2000 part no. 200-0156

TETRA TRB-2000AIR Pneumatic Chain Descaling Machine

DEVICES

12990	TETRA TRB-2000AIR, Pneumatic Chain Descaling Machine, Chain drum working with 200mm
12989	TETRA TRB-1200AIR, Pneumatic Chain Descaling Machine, Chain drum working with 40mm

SPARE PARTS

12010	Replacement heads for Rustibus 2000 Scalling machine, Disposable chain drum, set of 4 pieces part no. 200-0156
-------	--

Description:

Designed to de-scale and power brush decks on ships and rigs without time consuming and costly ways. The use and fast replacement of specially prepared chain links is the key to this quick and efficient surface treatment. To remove and gather dust, scales and debris, it can be connected to an ejector.
