

# Four-Way Air Distributor

Constructed from carbon steel pipe, this unit allows for the simultaneous connection of up to 4 pneumatic tools to a single air line, ensuring constant feed pressure throughout the operation. It features a carrying handle for easy transport, support skids for stability, and a safety valve complete with a pressure gauge to maintain safe and efficient operation.

## Features

Number	Product Name	Quantity
①	Quick Connect Coupler SM30	4
②	Brass Valve 3/8"	4
③	Quick Connect Couple PM400	1
④	Rubber Handle	1
⑤	Explosion-proof Pressure Gauge	1

## Technical Data

590891	Distributor, air, 4-way	Set
