

### **Front Load Washing Machine**

#### **Overview**

- A++ Energy rating
- Overflow protection
- Hi-Tech Heater
- Quick wash 15 and 30 min's

## Easy operating Panel with LED Display\*

Enables you to use/operate the machine easily and to choose desired function as per fabrics to avoid causing any damage to the laundry.

#### A++ energy Class

Saves upto 20% energy than any other washing machines into this category.

#### **Rapid Wash**

Allows you to wash your lesser capacity laundry in just 15 and 30 minutes and saves time, electricity and water.

#### Allergy Safe

TEKO Washing Machine is effective for 7 allergens and 4 bacteria types with specific program with the "Allergy Safe" technology.

#### **Delay Timer**

Enables you to postpone the starting time of the washing process. The start time can be delayed by 1-23 hours.

#### Smart Half Load Detection System

Smart Detection system automatically detects the load in your machine, if you put less than half the maximum load of laundry and sets half load function regardless of the program you selected. This means the selected program will take consume less Time, Water and Energy.

# **Technical Specification**
