## Product

## General description

- A. Wall Crawler.
- B. Adjustable Pole.
- C. Clamp.
- D. Carbon Pole 12M.
- E. Tripod
- F. Pressure trigger gun

## Important

- Ensure the work area is free of obstacles and that there is enough space to extend the pole safely.
- Inspect the pole, tripod and wall crawler before use.
- Wear appropriate personal protective equipment, to prevent injuries.
- Securely set up the tripod on a flat surface to ensure all parts are properly fastened.
- Use the appropriate water pressure or cleaning agent depending on the level of contamination and the surface type and move the pole in a controlled manner to avoid unnecessary strain on the Wall Crawler and the pole itself.
- Rinse the pole, tripod, and Wall Crawler thoroughly with clean water after use to remove salt, dirt, and chemical residues.
- Regularly check hinges, joints, and moving parts for wear and lubricate them if necessary.
- Store the components in a dry and safe place to remain the device in optimal condition.
