

AP-Line Night vision binocular, 5x50, Night scout

Night Scout is equipped with a built-in powerful IR illuminator that enables clear viewing in low ambient light conditions.

Night Scout has a high-aperture objective lens with a wide field of view and a specially designed night vision lens. The lens focusing ring provides a fast, precise and efficient way to quickly focus on objects. Night Scout is furnished with a built-in automatic shut off system to protect the image intensifier tube in the event of excessive light exposure.

Features: Built in proximity sensor, Automatic shut off system, Long range IR

Accessories: Carrying bag, Neck strap, Lens cleaning cloth

Specs:	
Lens magnifications	5X
Objective lens diameter	50 mm
Lens system	F1.2,90mm
Field of view	18°
Range of focus	20 m to infinity
Diopter adjustment	-5 to +5
Battery life IR On	24 Hours
Battery life IR Off	40 Hours

Box size	22 x 19 x 9 cm
Box weight	1.5 Kg
Binocular nett weight	1.2 Kg
IR indicator	Yes (LED indicator)
IIT Generation	1+
Rating	Weather, dust and fog resistant
IR Power	25≤mW
IR Wavelength	850mm
Operating temperature	-40 to +50 °C
Storage temperature	-50 to +70 °C

Power source: 2 x CR123A Type battery (NOT INCLUDED)

SKU: 11520

IMPA: 370355
