

## MULTI SIGNUM SPRAY

### Features:

Mineral oil-based, universal multifunction oil for five areas of application: Corrosion protection, lubrication, cleaning, rust removal and contact spray.

- ✓ Excellent rust and corrosion penetration for effective rust removal
- ✓ Excellent lubricating properties
- ✓ Corrosion creep of dirt, grease and oil residue
- ✓ Produces a thin, viscous protective film that protects against moisture even on the smallest irregularities
- ✓ Suppresses water and moisture

### Application area:

- Loosens rusty bolts, pipe fittings, screws, nuts, joints, Bowden cables, shafts, locks, etc
- Lubricates closures, hinges, bushes, chains and door locks
- Cleans and maintains plastic and metal parts
- Prevents corrosion on metals and electrical components, cable connections, relays, plugs, couplings, etc

### Application:

Pre-clean the surface to be treated. From a distance of approx. 20 cm spray an even coat.

### Technical data:

Colour	brown
Odour	sweetish
Density, at 20°C	0,783 g/cm <sup>3</sup> (DIN 51757)
Viscosity, kinematic:	< 7 mm <sup>2</sup> /s
Flash point	> 23°C

**Art. Nr.:**  
W 160 110

**Packaging:**  
400 ML SPRAY
